About The Copia Group

The Copia Group is an investment management and technology-focused firm supporting innovative companies across fintech, digital infrastructure, and emerging technology sectors.

We collaborate on projects connected to Stripe's ecosystem, helping build scalable payment systems, developer-focused platforms, financial infrastructure, and modern commerce solutions used by businesses globally.

We are expanding our consulting and technology initiatives and seeking experienced Software Consultants passionate about helping organizations design, improve, and scale modern software platforms and infrastructure systems.

The Opportunity

We are seeking a Software Consultant to support technology initiatives across fintech, infrastructure, and digital platform projects.

In this role, you will work closely with engineering teams, product stakeholders, and leadership to analyze technical requirements, recommend scalable solutions, improve software architecture, and support the successful delivery of modern applications and platform systems.

This role combines technical expertise, strategic problem-solving, and cross-functional collaboration within fast-moving technology environments.

What You'll Do

Technical Consulting & Strategy

- Analyze software systems, infrastructure, and technical requirements
- Recommend scalable architecture, engineering solutions, and technology strategies
- Support platform modernization, application optimization, and infrastructure improvements
- Evaluate frameworks, tools, and development workflows for scalability and efficiency
- Provide technical guidance across frontend, backend, cloud, and platform initiatives

Software & Platform Support

- Collaborate with engineering teams on application design and system architecture
- Support API integrations, backend systems, cloud infrastructure, and deployment workflows
- Identify technical risks, performance bottlenecks, and operational improvements
- Assist with software planning, technical documentation, and implementation strategies
- Support engineering best practices, testing standards, and system reliability initiatives

Cross-Functional Collaboration

- Work closely with product managers, engineers, and business stakeholders
 - Translate business objectives into practical technical solutions
 - Participate in roadmap discussions, technical planning, and solution reviews
 - Contribute to process improvements and operational efficiency initiatives
-

What We're Looking For

Required Experience

- 5+ years of professional software engineering or technical consulting experience
 - Strong understanding of:
 - software architecture
 - backend and frontend systems
 - APIs and cloud infrastructure
 - scalable application development
 - software delivery and operational workflows
 - Experience working with modern programming languages and frameworks
 - Familiarity with cloud platforms such as AWS, Azure, or GCP
 - Strong analytical, troubleshooting, and communication skills
 - Ability to work cross-functionally with both technical and non-technical stakeholders
 - Strong project ownership and problem-solving abilities
-

Preferred Experience

- Experience working in fintech, payments, SaaS, or infrastructure platforms
 - Familiarity with Stripe APIs and payment ecosystems
 - Experience with cloud-native applications and distributed systems
 - Experience with DevOps, CI/CD pipelines, or platform engineering
 - Startup or high-growth technology environment experience
 - Experience advising teams on scalability, modernization, or architecture strategy
-

Tech Environment

Platforms & Technologies

APIs • Cloud Infrastructure • Distributed Systems • SaaS Platforms

Languages & Frameworks

JavaScript • TypeScript • Python • Java • Go • .NET

Infrastructure

AWS • Docker • Kubernetes • CI/CD

Tools & Collaboration

GitHub • Jira • Slack • Notion

Why Join Us

- ✦ Flexible remote, hybrid, and onsite work options
 - ✦ Full-time and part-time opportunities
 - ✦ Competitive compensation
 - ✦ High-impact consulting and technical ownership
 - ✦ Collaborative and technology-focused environment
 - ✦ Opportunity to work on innovative fintech and infrastructure projects
 - ✦ Long-term growth and leadership opportunities
-

Apply

If you are passionate about solving complex technical challenges, improving software systems, and helping teams build scalable technology platforms, we'd love to connect with you.
