

Blockchain Consultant

Web3 Infrastructure & Digital Asset Platforms

-  Remote / Hybrid / Onsite
 -  Full-Time or Part-Time
 -  The Copia Group, LLC
 -  Consultant Level
-

About The Copia Group

The Copia Group is an investment management and technology-focused firm supporting innovative companies across fintech, blockchain, digital infrastructure, and emerging technology sectors.

We collaborate with ventures building modern financial systems, decentralized technologies, digital asset platforms, and next-generation commerce infrastructure. Our teams work closely with high-growth organizations developing scalable Web3 ecosystems and blockchain-enabled products.

We are expanding our blockchain advisory and strategy initiatives and seeking an experienced Blockchain Consultant to support technical, operational, and strategic blockchain projects.

The Opportunity

We are seeking a Blockchain Consultant to help guide blockchain strategy, evaluate decentralized technologies, and support the development of Web3 and digital asset initiatives.

In this role, you will collaborate with engineering, product, and leadership teams to analyze blockchain solutions, provide technical recommendations, and help deliver scalable decentralized platforms and infrastructure projects.

This role combines technical consulting, strategic advisory, and cross-functional collaboration within a fast-moving technology environment.

What You'll Do

Blockchain Strategy & Advisory

- Advise teams on blockchain technologies, decentralized systems, and Web3 infrastructure
- Evaluate blockchain platforms, protocols, and ecosystem opportunities
- Provide recommendations on architecture, scalability, and platform design
- Support technical planning for digital asset and decentralized application initiatives
- Analyze emerging trends across blockchain, DeFi, tokenization, and Web3 ecosystems

Technical Consulting

- Collaborate with engineering teams on blockchain integrations and smart contract strategies
- Review decentralized application architectures and transaction workflows
- Support wallet integrations, token systems, and blockchain infrastructure planning
- Assist with technical documentation, implementation planning, and solution design
- Identify scalability, security, and operational considerations for blockchain systems

Business & Cross-Functional Collaboration

- Work closely with product, engineering, and leadership stakeholders
 - Translate business requirements into practical blockchain solutions
 - Support project planning, vendor evaluations, and ecosystem partnerships
 - Contribute to research, market analysis, and blockchain innovation initiatives
-

What We're Looking For

Required Experience

- 4+ years of experience in blockchain consulting, blockchain engineering, or Web3-related roles
 - Strong understanding of:
 - blockchain architecture
 - smart contracts
 - decentralized applications
 - digital asset ecosystems
 - token standards and wallet systems
 - Familiarity with Ethereum and EVM-compatible ecosystems
 - Understanding of blockchain infrastructure, APIs, and Web3 integrations
 - Ability to communicate complex technical concepts to both technical and non-technical stakeholders
 - Strong analytical, research, and problem-solving skills
 - Excellent communication and stakeholder management abilities
-

Preferred Experience

- Experience working with fintech, digital assets, or decentralized finance platforms
 - Familiarity with Solidity, smart contract frameworks, or blockchain tooling
 - Experience evaluating Layer 2, interoperability, or cross-chain solutions
 - Knowledge of token economics, staking systems, or DAO ecosystems
 - Experience with cloud infrastructure and scalable distributed systems
 - Startup or high-growth Web3 environment experience
-

Tech & Ecosystem Exposure

Blockchain & Web3

Ethereum • EVM • Smart Contracts • Wallet Infrastructure • DeFi

Platforms & Infrastructure

AWS • APIs • Distributed Systems • Cloud Infrastructure

Tools & Collaboration

GitHub • Jira • Slack • Notion

Why Join Us

- ✦ Flexible remote, hybrid, and onsite work options
 - ✦ Full-time and part-time opportunities
 - ✦ Competitive compensation
 - ✦ Exposure to innovative blockchain and digital asset initiatives
 - ✦ Collaborative and technology-focused environment
 - ✦ Opportunity to work with modern fintech and Web3 infrastructure projects
 - ✦ Long-term growth and consulting opportunities
-

Apply

If you are passionate about blockchain technology, decentralized systems, and helping organizations navigate the evolving Web3 landscape, we'd love to connect with you.
